V. CONSTRUCTION ACTIVITY

☐ The site has undergone final stabilization of all exposed soils through vegetation or other measures and all stormwater discharges from construction activities that are authorized by this permit are eliminated.

IV. CERTIFICATION OF PERMITTEE(S) (Please read the certification statement carefully before signing.)

"I certify under penalty of law that all stormwater discharges associated with construction activity from the identified site that are authorized by the National Pollution Discharge Elimination System (NPDES) and State Waste Discharge general permit have been eliminated, or that I am no longer the owner of the site. I understand that by submitting this Notice of Termination, that I am no longer authorized to discharge stormwater associated with construction activity by the general permit, and that discharging pollutants in stormwater to waters of the State of Washington is unlawful under the Clean Water Act where the discharge is not authorized by a NPDES permit. I also understand that the submittal of this Notice of Termination does not release the owner (or other permittee) from liability for any violations of this permit or the Clean Water Act."

**Instructions for Completing the Notice of Termination Form
For the Baseline General Permit to Discharge Storm Water Associated with
Construction Activity**

This is an instruction document for preparing a Notice of Termination (NOT) for coverage under the Baseline General Permit for the discharge of stormwater associated with construction activity. Where all stormwater discharges from a construction site have been eliminated and the site has undergone final stabilization, the permittee of the site shall submit a Notice of Termination to the Department of Ecology. The permit fees will continue until this notice is received by Ecology.

Instructions for Completing the Notice of Termination Form

Please complete the document by printing or typing the information in ink.

- | | |
|---|---|
| 1. Permit Number | Post the permit number shown in the upper right hand corner of your permit on this NOT. |
| 2. Contact Person (Section I) | Give the name, address, and telephone number of the person who is available 24 hours a day for contact by Ecology or other local authorities. The contact person should be someone who is completely familiar with the site, and charged with overseeing compliance with the permit requirements. |
| 3. Owner / Representative of Site (Section II) | Give the name, and the address of the person, company, firm, public corporation, municipality or any other entity which owns or legally represents the site. <u>If the owner is the same as the contact person, enter "same as contact" on the first line.</u> |
| 4. Site Address (Section III) | Enter the street address or location description, including the city or nearest city and county for the construction site. Construction sites which do not have a street address must also provide a legal description in the space provided or as an attachment. |
| 5. Billing Address (Section IV) | Indicate where the final fee invoice should be sent. |
| 6. Acreage | Provide number of disturbed acres in the project. |
| 7. Construction Activity (Section V) | Indicate that all stormwater discharges associated with construction activity have been eliminated, and final stabilization of all exposed soils through vegetation or other measures has been completed. |
| 8. Receiving Waters | Provide named and unnamed receiving waters (including wetlands and storm drains). |
| 9. Certification of Permittee(s) | This statement should be read carefully by the permittee(s). The responsible official or authorized representative of the owner shall print their names for clarity, then sign and date the document on the lines provided. Refer to General Condition G20, in the permit for signatory requirements. |
